

PARISH CAMP

29TH MAY-3RD JUNE, 2006

Following the departure of our guests from Germany, we are all set to make hay while the sun hopefully shines and make camp at White Mark Farm, Watlington.

On the map, don't follow the arrow! That is the site of the disused railway station!

The camp site has good facilities and a pleasant atmosphere, and is only 30 minutes drive from Greenford.

Watlington is a pleasant country town with an excellent church, a few pubs, an Indian Restaurant and a healthy canopy of trees and fresh air. It is safe and ideal for a family camping experience. In case of doubt, ask one of the camping veterans like Malcolm Ede, Marion Richardson and Kath Kingsbury!

More information will be published soon, but don't forget to make a diary date for half term week and make it a great Parish Camping experience!
