

Prayers by three children of the Cross-Over group

Dear Father

Help those people who are not so lucky as us, who are dying because of hunger and who are injured in pointless wars. Give us faith in ourselves.

Emily

Dear God

Help us to stop people pulling down trees.
Make people care about things and stop wars.
Make the sick better and help the poor.

Alex

Dear God

Thank you for the food and drink you provide us with. Please stop people from cutting down trees. Help people who are sick and poor. Please stop pointless wars and the people who pollute the world by using cars.

Dominick
