

Boomerang Greetings!

In 1983 I sent a Christmas card to the Norman family inside I wrote:

“Wishing you a Happy Christmas
and a prosperous New Year.
Times are getting hard so save this card
and send it back next year.”

For more than 20 years the card travelled between Greenford and Cardiff.

When Margaret became ill the card was forgotten, but when I was at her house prior to her funeral there was the card!

Now Margaret's grand-daughter and my son John are carrying on the tradition.

The card will travel from Hannah in Chippenham to John in Eastbourne.

Margaret and I joked that the survivor would keep the card, but I am sure she will be happy that the card is still being sent each year and I hope it keeps going for another 20 years.

With love to you all at Holy Cross

Betti Thomas
