This space should not be used.

MAKE SURE THAT THE ADDRESS IS WRITTEN IN LARGE BLOCK LETTERS IN THE PANEL ABOVE

AIRGRAPH SERVICE

- (1) Nothing should be written on this side of the paper.
- (2) The whole of the message should be written on the other side below the double line.
- (3) The name and address to which the message is to be sent should be written in **large BLOCK letters** wholly within the panel provided. The address should be the same as is appropriate in the case of an ordinary letter.
- (4) A miniature photographic negative of the message and address will be made and sent by air mail. At the destination end a photographic print, measuring about 5 inches by 4 inches, will be made and delivered to the addressee. **It is therefore important that the message should be written very plainly and that the address should be written as large as possible in BLOCK letters.** Wherever possible, **black ink** should be used. If pencil is used, it should be a "B" pencil. Very small writing is not suitable.
- (5) Stamps to the value of threepence should be affixed in the space provided below.
- (6) If it is desired to send more than one sheet a separate form must be completed and stamps to the value of the appropriate charge must be affixed to each form. The name and address of the sender and of the addressee must be inserted on each form in the usual way.
- (7) The original will be retained for a period by the Army Post Office and eventually destroyed.
