

# CHRISTIAN AID WEEK

## 15 May – 22 May, 2011

Our big house-to-house collection for money to help the poorest people of the world via Christian Aid is coming! Starting on Sunday 15th May, members of the congregation are invited to volunteer to collect from streets in our parish. There is a list of streets on the Notice Board and Kerry Arnold is in charge of organising the week. Speak to Kerry for more information.

Christian Aid is making a difference in many parts of the world:-

- Music lessons for children in Gaza bringing hope for a seemingly hopeless situation;
- Supporting education in the Dominican Republic by encouraging the Government to keep up the spending;
- World Water Day – one eighth of the world's population has no free access to clean water;
- Working for gender equality in Africa, Asia, Latin America and the Middle East;
- Supporting change in the Sudan following the recent referendum on splitting up the country;
- Supporting human rights in Columbia which has the world's second largest number of displaced persons;
- Work to prevent and deal with the effects of HIV and Aids-related illnesses.
