Study and Reflection

Following the sermon on Sunday 10th July, 2011, members of the congregation approached Neil about their feeling that there is a need for regular study and reflection, to keep us thinking and praying and aware of issues from a Christian perspective and to deepen our individual and communal life.

Neil is therefore interested in talking to anybody in the congregation who would be interested in being part of a regular and consistent study and reflection group, meeting in various venues and studying various topic.
